

PREQUO LEAD GENERATOR
RELEASE NOTES
DECEMBER 2020

INTRODUCTION

There have been a number of enhancements to the PreQuo Lead Generator recently.

This document contains information regarding the following new features:

- UPDATED THE DEPENDANTS COVER CALCULATION
- CONFIRMATION FOR NEW LOGO UPLOAD
- REMOVING USERS ACCOUNTS FULLY DELETED
- CLEARING CACHE ON BROWSER CLOSE

UPDATED THE DEPENDANTS COVER CALCULATION

We have updated the values recommended by the Child Poverty Action Group (CPAG) on the average cost of raising a child to age 18.

How we've calculated this level of cover

Mortgage / Debt Cover

We have assumed that you would want to pay off your mortgage (£200,000).

Mortgage / Debt Cover Amount = £200,000 = £200,000

Dependants & Living Expenses

Dependent on your circumstances then we may have calculated an allowance for ongoing living expenses. This is designed to cover any rent payments (where applicable), support any loved ones or provide a level of salary replacement.

Living Expenses Cover Amount = Rent Cover Amount + Greater of (Salary Replacement Cover Amount and Dependants Cover Amount) = £245,700

Salary Cover

Because you have told us you have loved ones who are financially dependent on you then we have calculated an appropriate amount of cover as being 75% of your monthly income for the period for which you expect them to be financially dependent.

Salary Replacement Cover Amount = ((£2,100 x 12) x 75%) x 13 = £245,700

Dependants Cover

We have based our calculation on the average care cost of a child as £3,978 per child per year (as stated in the 'CPAG report: Cost of raising a child 2020'). Where you have entered a monthly income then the ultimate amount of Dependants Cover used in our calculations will be taken as the greater of 'Salary Replacement Cover Amount' and 'Dependants Cover Amount'

Dependants Cover Amount = £3,978 x 13 x 2 = £103,428

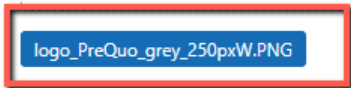

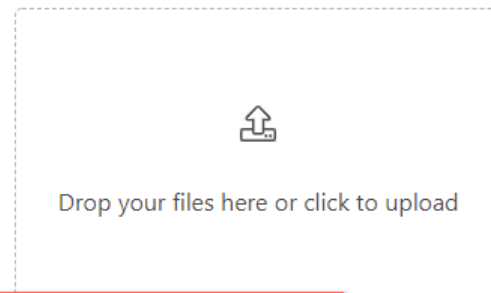

CONFIRMATION FOR NEW LOGO UPLOAD

When a new logo is uploaded to the administration of a PreQuo Lead Gen firm, this will now show a notification that the new logo has been added successfully. The new logo will take effect once the user clicks the “Save” button.

REMOVING USERS ACCOUNTS FULLY DELETED

If you remove any user from the system this will fully delete the user from the system. Previously these accounts were hidden from view, but still visible in the database, which caused issues if you attempted to re-use an email address for a user that had been previously used.

18 Admin users

Kate Buckley		<input type="button" value="Send password reset"/> <input type="button" value="Remove"/>

CLEARING CACHE ON BROWSER CLOSE

When you close your browser session, this will log you out on the server and clear down your browser cache, this was reported as the possible cause of some users wanting to use multiple accounts at a firm.

Should you require any further information regarding the information above, please contact our customer support team on uk.support@ipipeline.com or call 0345 408 4022.

Regards
